

Modbury Vista Soccer Club

Player Pathway & Commitment

Modbury Vista Soccer Club (MVSC) is committed to striving for excellence and seeking continuous improvement throughout all aspects of the club.

As a club we endeavour to improve, in terms of professionalism, expectations, coaching education and on field success that will make Modbury Vista Soccer Club the “club” of choice for players and their families.

To achieve this vision MVSC is committed to developing and educating our coaches enabling our juniors to develop in an environment that can provide them a pathway to senior football. Our fundamental goal is to develop and promote as many of our juniors into senior football and to conduct ourselves in a professional manner at all times.

As a club we will:

- > make sure all our players enjoy playing for the club and all our coaches share our philosophy and vision.
- > continually educate our coaches with the aim of producing high quality coaches. A good coach is one that never stops learning and is willing to pass on his knowledge, endorses expected behaviours and follows the FFA National Curriculum to train our aspiring players.
- > work closely with councils and government bodies to ensure we can provide the best facilities possible for our players, coaches and members.
- > ensure our coaches adopt an understanding of the needs of individual players. Coaches need to be flexible to the needs and circumstances of every individual player in their team.
- > promote a holistic approach to the player and parent experience, with parents providing support in the background and the club providing a safe, fun and professional environment for all its juniors. This is where players and parents form lifelong friendships and are proud to play for and be part of our club.
- > ensure coaches provide parents with updates as to how their child is developing, including their character, ability, behaviour and bonding. All are aspects of what a good coach should be instilling to our juniors within the game.
- > be committed to identifying and promoting talent. Coaches will have regular meetings with senior coaching staff and the MVSC coaching coordinator where discussions will take place on every aspect of our pathway, to ensure we are providing our juniors and their coaches with every possibility to succeed.
